

IHP-H-WD Series

Industrial Specialty Circulator Heads

Data Sheet

General Characteristics of IHP-H-WD Series Industrial Specialty Circulator Heads.

IHP-H-WD industrial circulation heads are devices used in industrial processes to move and control the flow of liquids or gases in a variety of applications. They have a robust construction, designed to withstand demanding industrial environments. Its construction is strong and durable, using materials such as stainless steel, cast iron or other corrosion-resistant metals. Designed to handle large volumes of liquids or gases. Industrial circulation heads often have standard connections, such as flanges or threads, which allow for easy installation and connection to other system components. No cord-junction box provided for hard wiring. Steel hub/spider aluminum paddle blades. Coated steel guards. Meets OSHA standards. 1 year limited warranty. Made in U.S.A. with domestic and foreign components.

Product Applications of IHP-H-WD Series Industrial Specialty Circulator Heads.

Warehouses, schools, offices, horse barns, patios, playgrounds, restaurants, outdoor activities, shop fronts, outdoor bar areas, events, farms, back-of-house foodservice and other large spaces.

Warranty of IHP-H-WD Series Industrial Specialty Circulators Heads

Manufacturer's Limited Warranty: 1 Years.
