

CACU-PO Series

Commercial Oscillating Fans

Data Sheet

General Characteristics of CACU-PO Series Commercial Oscillating Circulators.

Pedestal Stand Fan High volume, energy saving fan is attractively designed for modern, contemporary or traditional interior applications. This 120-volt, 3-speed, oscillating airflow unit is rugged, reliable, and an ideal unit for all types of personal work and play spaces. Corrosion-resistant steel fan head construction is offered in a black finish, includes a pedestal base, adjustable vertical riser, and features a 24-, and 30-inch diameter aluminum tri-blade blade attached to a steel bowl and spider mount for high-speed performance. Maintains constant airflow and easily eliminates suffocation in enclosed spaces. The pedestal unit can be used temporarily in semi-sheltered outdoor areas such as deck and patio screens.

Product Applications of CACU-PO Series Commercial Oscillating Circulators.

For industrial and commercial use.
 Good for indoor and outdoor use, in the case of outdoor use, protection may be need from the elements.
 It is used to cool factories, shops, bakeries, loading docks, laundries, gymnasiums, warehouses, aircraft hangars, and virtually any place a high volume of air movement is required.

Warranty of CACU-PO Series Commercial Oscillating Circulators.

Manufacturer's Limited Warranty: 1 Years.
