

**General Characteristics of CBT Series Cabinet Exhaust Fans**

The CBT Series are an industrial cabinet fan with shutter, all in one exhaust applications.

Includes hinged rear guard for easy electrical hook up after fan installation.

For industrial and commercial use.

This is an industrial Exhaust wall fan.

With 120V, 1 phase or 230/460V, 3 phase, ball bearing permanently lubricated and drip proof motor the CBT Series is UL/U-CL listed

Units are available from 1/3 to 1HP, ranging from 3270 to 21500CFM.

Permanently lubricated bearings on blade drive shaft.

Made with Aluminum blade and shutter.

20 Gauge powder coated venturi.

18 Gauge galvanized steel housing.

The CBT Series comes with a 1725 RPM motor, with a motor frame size of 56/Shaft: 5/8"

Ships fully assembled.

UL/U-CL listed and meets OSHA standards.

Made in the U.S.A.

**Product Applications of CBT Series Cabinet Exhaust Fans**

Recommended for all industrial applications where hot air, odors, smokes, fine particles, lint, vapor, and where stagnant air needs to be removed in high volumes.

Suitable for general industrial use, commercial buildings, warehouses, factories, greenhouses, and mills.

**Warranty of CBT Series Cabinet Exhaust Fans**

Manufacturer's Limited Warranty: 1 Year.
