

CPB Series

Commercial Belt Drive Portable Blowers

Data Sheet

General Characteristics of CPB Series Commercial Belt Drive Portable Blowers.

Belt Drive Commercial Portable Fan is a fan for commercial applications. It is equipped with a 1/3 horsepower motor that can run at two speed settings to suit anyone's preferences. It has 4 aluminum sheets, two 5-inch rubber wheels each, which makes it ready to use in various environments and applications, due to its portability and stability. Coiled wire front and rear guards. 8 foot long 3 conductor SJT type cable. Powder-coated 20-gauge steel housing.

Energy saving fan designed for traditional indoor or outdoor applications. This 120-volt non-oscillating air handler is rugged, reliable, and an ideal unit for all types of spaces.

This hassle-free 36-inch and 42-inch compact electric fan delivers high airflow and provides easy DIY installation that requires 5-inch rubber wheels to be installed in the field. Can be used in gyms, basements, restaurants, etc..

Maintains constant airflow and eliminates suffocation in enclosed spaces easily; The blower is ideal for floor and carpet drying applications in homes, basements, and garages.

Made in the USA with domestic and foreign components.
