

General Characteristics of Portacool Classic Series Evaporative Coolers

The Portacool Classic Series evaporative coolers are ideal for residential, commercial, industrial and agricultural use. Used for indoor and outdoor use. These are not air conditioners or misters but evaporative coolers, plus are less expensive to run than an air conditioner. Made from polyethylene so they don't rust, crack or leak. Comes with a 2 speed fan, cord wrap and 4 castors. Heavy duty castors are standard on the 48" coolers and optional for the rest. These items are easy to operate, clean and maintain. Maintained properly the pads should last between 3-5 years. The Evaporative coolers cool areas from 600-1000 to 4000 square Ft., and lowers the temperate by 15-25°F. Designed with a water control valve, water release valve and flow valve to fill the reservoir. Depending on the size of the cooler the reservoirs can hold up to 40 gallons of water. Are environmentally friendly. Comes fully assembled, with locking castors, also comes in multiple selections of colors. Is UL/U-CL listed. Made in the U.S.A. with domestic and foreign parts.

Product Applications of Portacool Classic Series Evaporative Coolers

Recommended for industrial, commercial, residential and agricultural use. For indoor and outdoor use, for hot spot cooling. Perfect for use in areas such as greenhouses, military uses, restaurants, aircraft hangers, work-shops, pool area, construction sites, sports events, ware houses, factories, special events, automotive shops, agricultural applications, stables and kennels.

Warranty of Portacool Classic Series Evaporative Coolers

Manufacturer's Limited Warranty: 1 Year.
