

General Characteristics

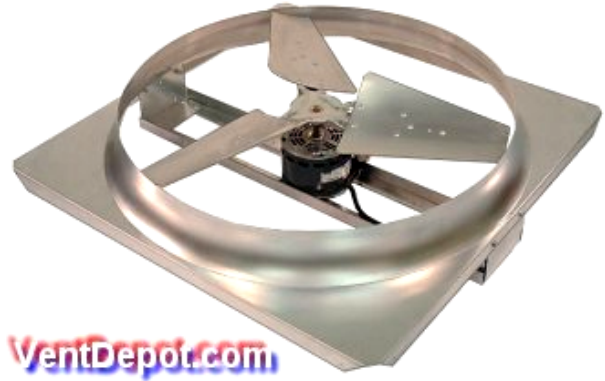

- ▶ Our ComfortAide is fabricated from heavy steel with a baked powder coat finish; these fans are durable and whisper quiet.
- ▶ Two-speed direct drive motor, Pull Chain operation or optional two speed wall switch.
- ▶ Three-wing blade pitched at maximum angle to permit good air flow.
- ▶ Rubber mounted motor mounts for quieter operation.
- ▶ Heavy gauge steel welded construction.
- ▶ Easy installation.
- ▶ No joists to cut with Standard shutter included with fan.

Applications

- ▶ For commercial and home use:
- ▶ Used to ventilate attic space and to remove heat from homes, shops, or garages.

Warranty

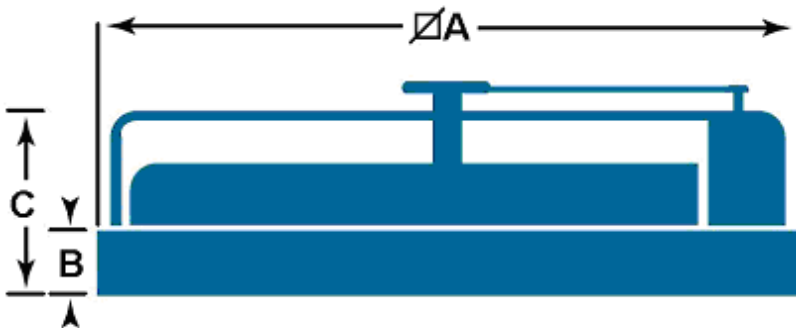

- ▶ Limited Warranty: 10 Years in the USA.
