

EMF Series

Expanded Metal Front Guard

Data Sheet

General Characteristics of EMF Series Expanded Metal Front Guard.

The front spiral protections for TPI fans are made from strong and durable materials, this ensures long life and effective protection.

It's spiral design helps improve air circulation around the fan, contributing to greater efficiency.

These guards cover the front of the fan, providing complete protection.

Features

For EHB, EHD, IE, & IED models

1" Larger than blade size

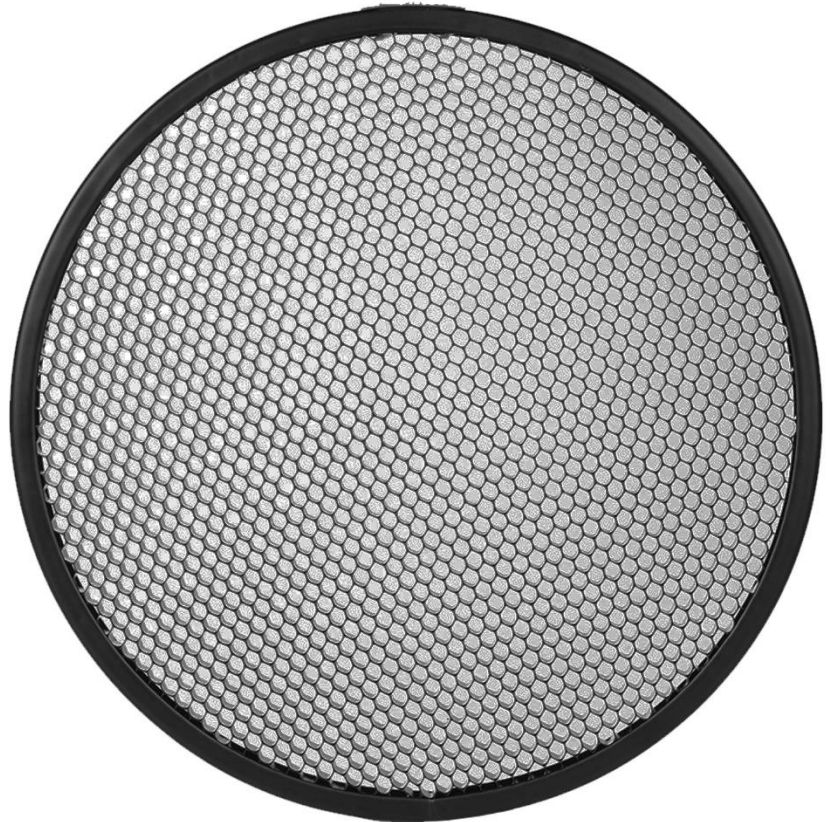

Meets OSHA requirements

Product Applications of EMF Series Expanded Metal Front Guard.

Industrial and commercial use for intake and exhaust fans.

Warranty of EMF Series Expanded Metal Front Guard.

Manufacturer's Warranty: 1-Year
