

#### General Characteristics of Ebac QZC3000 Infra-Red Surface Spot Object Heater EmmDry

The Ebac QZC3000 Infra-Red heater provides a quick and easy solution to spot heating. Heat is directed as a beam over a surface, spot, or object.

90% of the energy is converted to usable heat.

The Ebac QZC3000 Infra-Red heaters do not require oxygen, so ventilation is not required.

No exhaust gases are produced, so there is no buildup of odors, fumes, or water vapor as with paraffin or LPG Heaters.

The Ebac QZC3000 KEY DESIGN FEATURES are:

Fixed heat ray.

Instantaneous heat.

Portable and lightweight.

Heats people or objects not air.

#### Applications of Ebac QZC3000 Infra-Red Surface Spot Object Heater EmmDry

The Ebac QZC3000 Infra-Red heaters are unique. The Ebac QZC3000 is noted for its efficiency, economy, safety, and environmental friendliness. With this kind of heater you can heat a specific spot, dry a freshly painted wall, or an object.

Heat from the Ebac QZC3000 heater is instantaneous, making it ideal for builders, plasterers, and painters as they move from room to room.

#### Warranty of Ebac QZC3000 Infra-Red Surface Spot Object Heater EmmDry

The QZC3000 heater by Ebac has a 1 year limited manufacturer's warranty.
