

General Characteristics of FogCo 50 HZ Direct Drive Mist Pump HandyPro

The VentDepot FogCo 50 HZ Direct Drive Mist Pump HandyPro is a 1000psi mist pump.

These are medium duty outdoor rated units.

The VentDepot FogCo 50 HZ Direct Drive Mist Pump HandyPro is designed to run for 8 hours per day, seven days a week under normal operating conditions.

This range of pumps work for light to medium duty misting where price and value are the primary considerations.

The VentDepot FogCo 50 HZ Direct Drive Mist Pump HandyPro provides quality components in a small and convenient platform.

Product Applications of FogCo 50 HZ Direct Drive Mist Pump HandyPro

The FogCo 50 HZ Direct Drive Mist Pump HandyPro are designed for 8 hours per day / 7 days a week operation for commercial and medium duty environments where misting is required.

Misting environments are recommended for hot dry air conditions.

The FogCo 50 HZ Direct Drive Mist Pump HandyPro can be used in industrial sites where a controlled humid environment can reduce odor and dusty conditions.

Other applications are mistscaping, hotel industry, restaurants, people cooling, process humidification, and greenhouses.

Warranty of FogCo 50 HZ Direct Drive Mist Pump HandyPro

Manufacturer's Limited Warranty: 3 Years.

Photo Gallery of FogCo 50 HZ Direct Drive Mist Pump HandyPro

Applications also include residential use where dry areas require freshness. Misting combined with proper ventilation can provide a high cooling effect.

Applications include agricultural uses such as green houses, flower shops, home gardening, commercial gardening, and mist irrigation.

Agricultural applications, where animals require high humidity and/ or cooling effects can be benefited by a misting system. Also useful for farms, zoos, and pet shops.

Entertainment industries apply misting systems for special effects, people cooling, and certain environments where a cool and fresh place is desired.
