

**General Characteristics of Portacool Jetstream 240-250 Evaporative Coolers**

The Portacool Jetstream 240-250 evaporative coolers are ideal for residential, commercial, industrial and agricultural use. Used for indoor and outdoor use. These are not air conditioners or misters but evaporative coolers, plus are less expensive to run than an air conditioner. Made from polyethylene so they don't rust, crack or leak. Comes with a variable speed fan, cord wrap and 4 castors. Heavy duty castors are standard on the 48" coolers and optional for the rest. These items are easy to operate, clean and maintain. Maintained properly the pads should last between 3-5 years. The Evaporative coolers cool areas from 600-1000 to 4000 square Ft., and lowers the temperate by 15-25°F. Designed with a water control valve, water release valve and flow valve to fill the reservoir. The reservoirs can hold up to 65 gallons of water. Feature: has liquid indicator with automatic pump shutoff, plus it also has a lifetime warranty on the molded housing & 3 year warranty on all electrical components. Are environmentally friendly. Comes fully assembled, with locking castors, also comes in multiple selections of colors. Made in the U.S.A. with domestic and foreign parts.

**Product Applications of Portacool Jetstream 240-250 Evaporative Coolers**

Recommended for industrial, commercial, residential and agricultural use. For indoor and outdoor use, for hot spot cooling. Perfect for use in areas such as fitness areas, industrial, automotive, aviation and farms or anywhere, where animals are kept.

**Warranty of Portacool Jetstream 240-250 Evaporative Coolers**

Manufacturer's Limited Warranty: 3 Year.
