

General Characteristics

- ▶ The VentDepot ShutMaster shutters are available from 24" to 60" square.
- ▶ These Shutters may be used with BusyExhaust, IndyExhaust, ExProofIndyExhaust, and other belt and direct drive fans; check for matching sizes.
- ▶ They open automatically for Exhaust fans only when the fan is turned on and close when the air flow stops.
- ▶ Shutter frames are heavy gauge steel with rigidly welded corners and finished with a tough, powder coat finish. ▶ Extruded aluminum shutter blades are attached with screws and durable bronze bushings to provide smooth operation without lubrication or maintenance.
