

**General Characteristics of Pre-Fab Stainless Steel Tubing SilverTube**

The VentDepot Pre-Fab Stainless Steel Tubing SilverTube is designed for the ultimate in quality and durability and represents the highest quality materials.

The VentDepot Pre-Fab Stainless Steel Tubing SilverTube are available for the installation of a high pressure mist system. And allows all mist nozzles to be installed by hand without the need of special tools or sealants.

The VentDepot Pre-Fab Stainless Steel Tubing fittings are assembled into prefabricated lengths of 300 series stainless steel using our unique computerized robotic welding process which ensures consistent welds that are the best in the industry.

**Product Applications of Pre-Fab Stainless Steel Tubing SilverTube**

The VentDepot Pre-Fab Stainless Steel Tubing can withstand pressures in excess of 3000 psi and is recommended for mist systems that utilize treated water or chemical injection.

The VentDepot Pre-Fab Stainless Steel Tubing is available in lengths of 10 feet or 20 feet. It is available in 1/2" or 3/8" O.D. with standard nozzle spacing of 18 inch, 24 inch, and 30 inch.

**Warranty of of Pre-Fab Stainless Steel Tubing SilverTube**

Manufacturer's Limited Warranty: 5 Years.
