

### General Characteristics

- ▶ Our ceiling shutters feature heavy-duty extruded aluminum frames and louvers mounted on polyethylene bearings for smooth and silent operation.
- ▶ The shutters are precision balanced for years of maintenance-free service.
- ▶ The louvers open and close automatically with fan suction.
- ▶ When the fan is turned on and off, keeping out air, insects and dust.
- ▶ Easy installation.
- ▶ The white enamel finish blends with any decor and helps beautify your home.

### Applications

- ▶ For Industrial, commercial and house use:

### Warranty

- ▶ Manufacturer's Limited Warranty: 3 Years.
