

### General Characteristics of TW Series Thermostats & Controls

Are used in industrial and commercial environments.  
 Used indoors for spot heating.  
 The 2000 Series line voltage is a heat only model control that range from 50° to 90°F.  
 Operates with 22 Amps and 277V AC.  
 Comes in single & double pole designs with leads, double pole models incorporate positive off.  
 Imported to TPI Corporation specifications.  
 Compliant with RoHS2 directive (2011/65/EU), that of which includes the application exemptions outlined in Annex III of the directive.  
 The 2000 series is ETL-CETL listed.  
 Also tamper resistant.

### Product Applications of TW Series Thermostats & Controls

For Industrial and commercial environments.  
 Utilized in warehouses, factories, and work areas.  
 Ideal for spot heating of work areas  
 This is an Indoor Product.

### Warranty of TW Series Thermostats & Controls

Manufacturer's Limited Warranty: 1 Year.
