General Characteristics of Flat Roof Mounting Base AlumFlat

The AlumFlat is an Aluminum made flat base made for aluminum turbines.

Installed properly the flat bases will stop the turbines from leaking water.

For Industrial, commercial and residential use. Outdoor use only.

Perfect for ventilation, cooling and the extraction of fumes, dust, smoke, pollen or gases etc.

The AlumFlat bases are made from sheet aluminum, with excellent manufacturing detail.

The aluminum bases for the turbines, allow them to operate correctly and more efficiently.
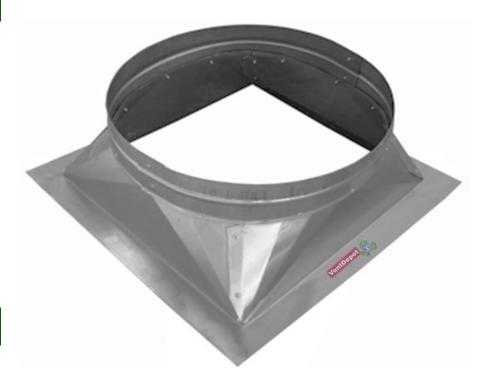

All turbines and bases must be leveled horizontally for them to work properly and have proper air flow.

## Product Applications of Flat Roof Mounting Base AlumFlat

These bases are used with our Turbine Vents for ventilation in small, medium, and large areas, bathrooms, warehouses, factories, commercial buildings, and all large ventilation projects.

For residential, commercial and industrial use. Used outdoors.

Warranties of Flat Roof Mounting Base AlumFlat

Manufacturer's Limited Warranty: 10 Years, void with Tornados, Hurricanes, and Chemical Destruction
